VINEYARDS: The grapes come from Central Valley vineyards. The soils are derived from volcanic ash and consist of sandy to sandy-loam earth. The vineyards are flat and receive an excellent exposure to sunlight. The yields are carefully controlled to produce concentrated and elegant wines.

CLIMATE: The Central valley region of Chile has a Mediterranean-style climate. Winter rains are plentiful and summers are dry with marked temperature variations between day and night, thereby allowing the grapes to obtain superb tannin development as well as excellent aromas and color concentration.

VINIFICATION: The grapes are harvested by hand at the end of March. The must is fermented in stainless steel tanks with selected yeasts at temperatures ranging from 26° to 28 °C during a seven-day period. Prior to bottling, the wines are stabilized and filtered carefully to keep all the fruit.

TASTING NOTES: Rich and concentrated ruby color with aromas of Blackcurrant with flower notes. Elegant with good balance and soft tannins.

FOOD PAIRING: A great choice to match with herby dishes, soft cheeses, green salads and appetizer.

SERVING TEMPERATURE: 14-16 °C.
